

## Top Scrapbook Ideas

My wife, Diane and I have started a brand new web site called Top Scrapbook Ideas . It's a place where scrapbookers and card makers will find reviews of web sites , books and magazines .

Diane will try out those tips you read about in a section we call Tested Tips . She'll tell you if the tips work as claimed and let you know if they are any good for the scrapbookers at the hobby level.

Of course I will be sharing some of my funny poems that are perfect for your scrapbook or homemade card.

And we will have regular contests with cash and prizes! Our first contest is already posted so check it out!
